# SECHRIST WATER BOTTLE HOLDER

---

---

The comfort of your patients is of the utmost (utmost) importance to us. Making hyperbaric treatments as easy and comfortable as possible is always our goal. The Sechryst Water Bottle Holder allows your patients to easily have a water bottle without fear of spilling or injury to the acrylic.

---

---

## PRODUCT FEATURES:

- Accommodates standard 16.9 oz water bottles. Designed to be utilized in all models of Sechryst monoplace hyperbaric chambers, the Sechryst Water Bottle is easily installed and utilized by all patients.
- Flexible positioning for comfortable access by the patient
- Convenient placement on either side of the stretcher plate
- Fire retardant foam to protect patient and acrylic cylinder if jostled
- Fluid resistant and easy to clean sleeve
