

SECHRIST ONSITE INSERVICE AND COMPETENCY TRAINING

SECHRIST NOW OFFERS TWO LEVELS OF ONSITE TRAINING TO INCREASE KNOWLEDGE, SKILLS, AND CONFIDENCE ON THE OPERATION OF SECHRIST HYPERBARIC CHAMBERS

► WHAT YOU GET:

STANDARD INSERVICE TRAINING:

- Standard inservice training, similar to what is provided at the time of chamber installation, can be scheduled as a half-day program at any time.
- Great for orientation of new staff members, or a refresher at the time of a Sechrist Annual Preventative Maintenance Visit.

ADVANCED INSERVICE TRAINING WITH WRITTEN COMPETENCIES:

- Two full days. Limited to 4 staff per Instructor.
- **This training is approved for 14.5 category 'A' credits by National Board of Diving and Hyperbaric Medical Technology (NBDHMT).**
- In depth training covering chamber safety, design, mechanics, hands-on chamber operation, routine maintenance and emergency procedures.
- Participants get to See One, Do One, Teach One.
- Certificate of completion provided.
- Discount applied when scheduled following a Preventative Maintenance or Chamber Installation Visit.

► PRICING:

STANDARD INSERVICE TRAINING:

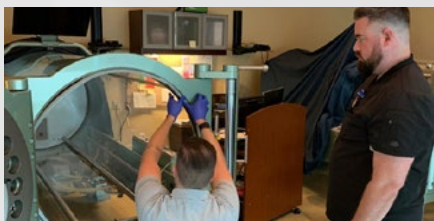

- \$2,650

*ADVANCED INSERVICE TRAINING WITH WRITTEN COMPETENCIES:

- \$5,300
- *Limit one Sechrist CHT per four staff. \$2,650 per additional four staff.

***ALL TRAINING IS TAUGHT BY SECHRIST'S TEAM OF PROFESSIONAL CERTIFIED HYPERBARIC TECHNOLOGISTS. AT THE END OF TRAINING, PARTICIPANTS WILL HAVE INCREASED SKILLS AND CONFIDENCE IN CHAMBER OPERATION AND SAFETY.**

P/N 100566, Rev 2

Note: This training is intended for hyperbaric chamber personnel involved in treating patients with HBOT. It is not intended for biomedical personnel for maintenance training, or other personnel not involved in the day-to-day operation of the chamber.
